Dear [REDACTED]

Please receive our recommendations and quotation for tree work as requested.

Site: 37 Townhill Road, Dunfermline

The 4 x large mature Poplar trees are leaning dangerously towards the house and over a path. I would recommend felling as these trees are very brittle and unsafe.

Cost to fell and remove all arisings would be £900.00 + VAT

I would be pleased to discuss or clarify any detail.

Yours sincerely

pp.
